Distinctive of Institution

Vision of the College To equip the underprivileged students from the tribal/rural/urban areas to meet the challenges of education, work and life. Our vision is to facilitate journey of students from Information to knowledge and from knowledge to wisdom. To impart higher education to the rural and tribal students of nearby villages is one of the vision of this college. However in their process of education of UG , the student does not only acquire formal education in the chosen area but receives all round understanding of the environment and social sensitivity required to become a responsible citizen. We have NCC, NSS,and YRC, Career and placement cell and also the facility to show your talent through the sports enthusiasm. Our players, cadets and the students are well known for their bravery, willingness to serve the humanity and also to be always to be a human in all respect. Although most of the students belong to tribal/rural areas of Kharsia, it is important that they are well aware of their under developed part of Raigarh district which still struggles for basic living and educational needs. Tribal life poses many challenges such as lack of public health, malnutrition, water, sanitation, educational and vocational opportunities. Thus through the NCC, NSS or YRC the cadets/students can contribute and improve their understanding through participation. In the very underdeveloped area of the Kharsia as we all know that where a family has the requirement of fulfillment of the basic needs. The family has no other option to get the resources to send the son/daughter for the higher education. Our institute is the only source of acquiring higher education that is the UG and also the PG degree with the concerned subjects. We are imparting the learning, and also the ways how to be a successfully a job grabber either in PSC, or through the Vyapam vacancies or other competitive examination and also other activities as NCC, NSS or sports benefit for the learner.
